

# GOT GOLDEN GLASS?

## CURRENT LOCATION

**Coors Tours Parking Lot**  
502 14th St, Golden, CO  
804011

## OUR MISSION

Want a way to give directly back to your local community? Join us on getting recycled glass from the city of Golden back into our hands at Rocky Mountain Bottle Company. In an effort to increase collections, we are trying to make glass recycling simple and assessable for all.

## WHAT GOOD GLASS LOOKS LIKE

✓ Rinse the containers of any food or debris. We are looking for beverage bottles, food jars and/or containers.

✗ Avoid dropping off glass that is heat resistant i.e. Pyrex, mirrors, windows and other types of tempered glass. If possible, remove the tops of the container!

## YOUR IMPACT

- Recycling 1 ton of glass prevents us from emitting 694 lbs of carbon dioxide into the atmosphere.
- By allowing Rocky Mountain Bottle Co to handle your glass, we are able to turn it into a new bottle in just 30 days!
