

COLORADO RAILROAD MUSEUM TO HOST SPRING VOLUNTEER FAIR SATURDAY, MARCH 1

GOLDEN, Colo...The Colorado Railroad Museum relies on a team of almost 300 volunteers to help visitors experience the thrill of railroads and learn about the fascinating and important role railroads have played in our state's history.

The Museum will hold its Spring Volunteer Fair on Saturday, March 1, 2025, from 10 a.m. to 2 p.m. During the fair, you can learn about volunteer opportunities, meet team members, and sign up for volunteer training classes. Volunteers must be at least 18 years of age, and preferably, interested in working with the public, children and families. We are looking for outgoing people who love to share and work with others and will adhere to general volunteer safety standards and codes of conduct.

The Colorado Railroad Museum is located in beautiful Clear Creek Valley near Golden, and just 12 miles west of downtown Denver. Its vibrant volunteer team participates in railroad operation and maintenance, educational programs, special events staffing, and enhances the visitor experience through many other unique roles.

Volunteers enjoy a number of fun and exciting opportunities; they help run large events like Day Out with Thomas™ and THE POLAR EXPRESS™ Train Ride; work behind the scenes on new exhibits; inspire school kids to learn about railroad history; and educate visitors through unique offerings including turntable demonstrations, diesel engine simulations, crafts and interpretive stations. No prior railroad experience is necessary. Volunteers attend orientation classes and receive on-the-job training, then go on to help visitors have fun while learning about Colorado's railroad history.

If you are interested in learning more about volunteering and/or to sign up as a volunteer, please visit www.coloradorailroadmuseum.org/volunteers, or contact Deputy Director Rob Kramer at rob@crrm.org or 720-274-5149. All Aboard!
