

Become a Host Family for an Exchange Student

Golden Rotary Club is looking for three host families in Golden to host an exchange student during the 2025/2026 school year. Please pass this information along to people you know who may be interested.

Host families provide a safe, warm and nurturing environment for the student and room (a bedroom or shared bedroom with a same-sex host sibling), three meals a day, transportation to and from school and school activities, and pay for student expenses when on family outings.

The Rotary Club of Golden will provide the student with a monthly stipend of \$225 for incidentals, clothing, and personal entertainment when out with friends. We also pay required school fees, sports fees, and provide support for needed equipment and uniforms.

Golden Rotary has a Youth Exchange Officer who will be a resource to the host family. Students are also assigned a Youth Exchange Counselor from the club to provide personal support for the student. We also ensure that the exchange student has medical insurance and liability insurance for the program. During the year your exchange student will attend several mandatory Rocky Mountain Rotary Youth Exchange events for which the club will provide transportation and financial support including a ski trip in the winter.

For more information about the program and the benefits of being a host family please visit the Rocky Mountain Rotary Youth Exchange webpage at [Host Families](#).
